We refer to your Letter of Consultation dated 6 July 2015 and related documents received through E-Apps including: a site plan at 1A, site photos at 1Q, Restoration Method Statement at 1R and deterioration mapping at 1C,1E-1N,1S.

### **Site Description**

The Dwejra Tower is a Grade 1 monument of architectural significance.

The proposed works include the restoration of the facades.

### **Proposed Development**

The application proposes:

- Re-pointing of open joints and cavities;
- Replacement of severely decayed stone;

### **Recommendations and Conditions**

The Superintendence does not object to the proposed works and approves the Restoration Method Statement at Doc. 1R in line with the following conditions:

1. Before commencement of work, a Curriculum Vitae of the restorer/conservator in charge is to be submitted to the Superintendence;
2. The applicant is bound to proceed in keeping with the Restoration Method Statement at Doc.1R;
3. Following the completion of works, the architect is to draw up a report on the completed interventions and submit the report to the Superintendence of Cultural Heritage;
4. The architect/applicant shall inform the Superintendence of Cultural Heritage of the date of his/her intent to commence works. This notification should be sent in writing at least two weeks prior to the start of works.
